- Everyone will help tidy.

Sleeping Areas:

- Students will sleep in the hall, students watch movie in maths classroom.
- May 2nd or June 20th TBC

- We expect to raise about £600 "I've chosen **Hazrat Khadija-tul-Kubra Girls School** as the charity to support. We're a **private school** dedicated to providing quality education and opportunities for us. Right now, we're working hard to raise funds so we can buy our own school building and create a better learning environment for us students.
- Owning our buildings would give us the stability we need to grow, while also allowing us to improve our classrooms, libraries, and other facilities. These upgrades will make a huge difference in the quality of education we can offer, giving our students the best possible chance to succeed.
- Every donation, big or small, will help us continue our mission of empowering young girls through education. With your support, we can provide a safe, inspiring space where they can learn, grow, and build bright futures. We truly appreciate any help in making this dream a reality!"
