Morning train exhales  
Steam rises like a thought  
No one finishes.

Coffee cools untouched  
Sunlight slides underneath  
Time waits pretends to wait.

A Sparrow argues  
With it's shadow on the wall  
Wins, then flies away.

Phones glow in are hands  
Tiny artificial moons  
Pulling at are sleep.

Clouds practicing and letting  
go the sky relearns blue again  
Nothing keeps it's shape.

One Day...
